HARDWARE

5. 4 ½” Bolt Assembly Set
6. 8 ½” Bolt Assembly Set
7. 6” Eyebolt Assembly Set
8. Eyebolts for use with two separate chairs on the arch

ESSENTIAL TIPS FOR ASSEMBLY:

- a. Use 2 people to assembly Roman Arch
- b. Hand tighten bolts until completely assembled, then tighten all the way.
- c. Use pictures often for assembly referral
- d. Straight leg supports go on outside of arch
- e. Arch support piece has two sides. One side has a sharp angle and one side has short angle.

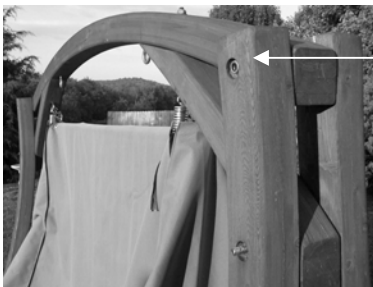

ASSEMBLY STEPS:

- ❖ Connect lower leg support with two curved legs at the bottom using # 5 (4 ½” bolt assembly.)

Straight Lower Leg Support

- ❖ Attach one end of Arch Support (# 3) to previously assembled curved legs (#6) using 8 ½” bolt assembly. NOTE: The short angled side of the arch support goes in between the legs.)

Slightly Curved Arch Support

- ❖ Repeat lower leg support and arch support assembly for other side of Arch.
